Lesson-plan delivery audit

WHAT C1 ACTUALLY RECEIVED, CALL BY CALL

C1 is the condition that adds the lesson plan's design to C0's curriculum objective. One core step is one independent model call, so a key that the plan had nothing for is simply absent from that call's prompt — and once rendered, absent and withheld look the same. This pack reports, per call, which of the six keys arrived and what in the plan explains each miss.

✓ = the key reached this call · — = it did not

t2-w09 · Simplification of Algebraic Terms

Simplification of algebraic expressions: order of operations, brackets and word problems · Second Term, week 9 · 3 core steps = 3 C1 calls · 1 evaluation step

Call	Step	entry behaviour	instructional materials	current step	instructional events	student tasks	assessment points
1	step-t2w09-02	✓	✓	✓	✓	✓	✓
2	step-t2w09-03	✓	✓	✓	✓	✓	✓
3	step-t2w09-04	✓	✓	✓	✓	✓	✓
